

**Introducing a Boston Whaler that's
all decked out for our 30th anniversary.**

The Mischief 15.

For some, a 30th birthday might conjure up thoughts of adulthood, responsibility and settling down. But at Boston Whaler®, we chose to celebrate the occasion with something a little more fun. We call it Mischief.™ A 15-foot whirlwind that's game for just about anything you are. Water-skiing. Racing around. Or just blowing off steam.

It has a few things no boat should be without. Like a stowable boarding ladder, under-deck storage for skis and gear, and under-seat storage for gas tanks.

But it also has a few things no Boston Whaler would ever be without. Namely a foam-filled, unsinkable hull and the kind of safe, stable, dependable performance that could only come from 30 years' experience.

Because while it may be a boat of a different color, it is still, after all, a Boston Whaler.
